

## *Kiss & Ride Procedures*

**Safety is of the utmost priority to us here at HMS. Because of this, we have procedures our families should follow when dropping a student off at HMS.**

- All student drop off must occur at the designated Kiss & Ride area located in the back of the building. Students should remain in the vehicle until you approach the designated drop-off area.
- Students should NOT be dropped off in the front of the building on Locust Street or in the side parking lot.
- We encourage you to arrive a few minutes early. High congestion time is typically 7:15-7:30.
- When exiting the HMS campus and re-entering Locust Street traffic during morning drop off, right turns only may be made between 7am-8am.
